

CRASH ALERT

1
Install a Matrix MX3 unit to your vehicle for PEACE OF MIND ALONG EVERY JOURNEY

2
Update your medical and emergency contact details

14 000

Over 14 000 deaths transpire on the roads each year, that's over 150 deaths per 100 000 vehicles.

6
Safety you can feel because Matrix is right by your side

Road travel can often be a dangerous ride so remember to always buckle up, drive defensively and abide by the laws of the road. But however prepared you may be - accidents happen and when they do, **you have the assurance that Matrix is right by your side.**

CRASH ALERT

A crash alert alarm will be sent directly to the Matrix Operations Centre allowing you to focus on your well-being while we manage the crisis; safety you can feel in the moments that matter.

3
In the unfortunate event of a serious accident, a "crash alert" alarm will be received by the Matrix 24/7 Operations Centre

EMERGENCY ASSISTANCE

will be dispatched to your exact location saving minutes to save your life.

5
The necessary help will be sent to the GPS co-ordinates of your unit, saving minutes to save your life

4
The Matrix operator will immediately contact you or your emergency contact(s) to assess the situation
