Dear Liza,

What words can one use to express our gratitude as strongly as we feel? "Thank you" seems so inadequate.

After 2010 I wondered how we would raise the bar for the 2011 Maritzburg Marathon. The same thoughts crossed my mind in March of 2011 and 2012. However, having partners like you **Matrix** has made it that much easier.

2013 has been nothing short of amazing! I am sorry that you weren't with us to share the experience but I'm sure that your company's presence will be felt in 2014 and beyond.

Your contribution, both financially and practically, has helped take this event to the next level.

Without a doubt the **2013 Weekend Witness Maritzburg City Marathon** was the best yet! The standards have been set and need to, at very least, be met in 2014.

We are already excitedly working towards 2014 and we want to make the **Weekend Witness Maritzburg City Marathon, powered by Clover**, a powerhouse of the sport, not only in KwaZulu Natal, but South Africa and even Africa.

We are proud that our young and growing brand is linked to your established and respected brand. We look forward to meeting you, personally, sooner rather than later, and securing a partnership allying our organisations for the future.

Once more, as simple and inadequate as it feels to say, "Thank you!" Thank you for the support financially. Thank you for the value added by the ability to track the leaders. Thank you for being part of the event at one of the seconding stations. Whilst the financial assistance is hugely valued and the tracking added a new dimension, the seconding tables are what the runners see and experience. The professionalism, branding and friendly atmosphere of your team were, reportedly, great!!

I remain,

Yours in service and sport,

John Hall : Race Director
